

## Short Assignment #3 (worth 40 pts)

### Recycle your cell phones and gain Silverback status!

- 1) Check out Eco-Cell on the web (<http://www.eco-cell.org>);
- 2) Go to "Cellular Waste" on the menu to the left and then look for the short movie "The Secret Life of Cell Phones". Watch it (5min)!
- 3) Write a 1-paragraph (6-8 lines) summary of the movie;
- 4) In the movie, you hear about the Basel Action Network (BAN). Check out this organization on the web; don't miss the photo gallery!
- 5) Write a short paragraph (6-8 lines) about what BAN does and how it relates to your life;
- 6) Over Spring Break, collect at least eight (8!) cell phones that are no longer in use (from your own drawers, your friends, family members, neighbors, etc.) and bring them to class with your short assignment (2 paragraphs + indicate how many cell phones you brought).

Two or three of your classmates will be in charge of getting in touch with Eco-Cell to order pick-up boxes and send in our collection.

The goal is to collect a minimum of 1,000 cell phones. This will grant our class Silverback status! Check out the details under Eco-Cell's Program Summary. Every single cell phone counts!! We will decide as a group how to best use the money we will have received from our shipment.

**This assignment is due on March 19<sup>th</sup> at the beginning of class!**

Enjoy your break ☺
