

Life at Penn State - studying at the library, taking exams, visiting with friends - often requires us to travel on campus at night. The highlighted paths on this map are recommended for night travel on campus. The purpose of this map is to funnel as many people as possible onto common walkways. This creates "strength in numbers."

By following the walkways and tips included in the Night Map you can make your nighttime travel as safe as possible.

U. Ed. BSO 14-1024

WALKING TIPS

Walk with someone you know, or call the Penn State Safe Walk Service (814)865-9255. Be aware of your surroundings.

Walk briskly and confidently in the center of the sidewalk.

Note possible hiding places, such as building corners, shrubs, and parked cars.

Report malfunctioning lights and dark areas to University Police (814-863-1111). Use this map and its suggestions.

SAFETY SUGGESTIONS

Don't accept rides from strangers. If someone stops to ask directions, keep your distance.

When being followed on foot, cross the street, change directions, or vary your pace. If the follower persists, go to a safe place and call the police.

When being followed by a car, turn around and walk the other direction or walk against traffic along a well-lit one way street. If this situation persists, record the license number and call the police.

Be familiar with the location of emergency phones and how they are used.

THE PENN STATE SAFE WALK SERVICE

Dusk to dawn service
 7 days a week, 365 days a year
 Radio-dispatched officer available to walk with students, faculty and staff.
 Primarily a walking service.
 Sponsored by University Police and Public Safety.
 Call 814-865-WALK (814-865-9255)
